| **Target version:** | 0.3.0 | | |
| **Version:** | 0.13.1 | **OS:** | Any |

**Description**

When connecting to the core the client doesn't finish getting the userstates.

This is the Output of the Core:

SignalProxy::handleInitRequest() received initRequest for unregistered Object: "IrcUser" "7/Wellness|BNC"

Restarting the core does help in this situation, but i think this isn't normal.

### History

**#1 - 08/05/2008 10:48 PM - EgS**

already fixed in current git ;)
