

Quassel IRC - Bug #573

Topic disappears from the topic widget on topic change

02/21/2009 01:14 AM - Nightfall

Status:	Resolved	Start date:	02/21/2009
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	Quassel Client	Estimated time:	0.00 hour
Target version:		OS:	Any
Version:	0.4.0		
Description			
When the topic gets changed, it disappears from the topic widget (it appears again when you switch to another channel).

Revision ef20dd04ad6ed1911fa070c5dafe2498d9a4fc9d - 08/22/2009 12:13 AM - Manuel Nickschas

Redesign the topic widget

This replaces the old ugly hackish topicwidget by something cleaner. We now use a stacked widget to switch between display and edit mode. In edit mode, we use a MultiLineEdit rather than a single QLineEdit. Instead of doing voodooish resizing of the parent widget, we use proper sizeHints and sizePolicies that make Qt's layout system actually work with this.

There are still some features missing though, notably clickable URLs and the clear button. Will be implemented ASAP.

Closes #506, fixes #573, closes #608.
