<b>Description</b>			
A patch I wrote to display the channel modes in the titlebar, probably not written using the best approach, but I'm sharing it anyway.

Perhaps this could be added as a configurable setting for the client?

##### #2 - 05/03/2012 11:47 AM - Anonymous

- *Target version set to Some future release*

Patch looks good to me. Considering you append the modes to the topic, no space is taken, thus there's no reason not to show it. Adding yet another checkbox in the settings dialog would just be bloat imo.
