

## Quassel IRC - Bug #120

### BufferSyncer doesn't properly remove deleted buffers

02/26/2008 08:01 PM - EgS

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>	EgS	<b>% Done:</b>	0%
<b>Category:</b>	General / Unspecified	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.2.0-alpha2	<b>OS:</b>	Any
<b>Version:</b>	0.13.1		
<b>Description</b>			
<p>When removing a buffer the core buffersyncer doesn't seem to properly remove this buffer from it's internal list. On next core connect activity info is sent to the client even for buffer that no longer exist. for example:</p>			
<pre>\$ ./quasselclient Client::updateLastSeen(): Unknown buffer 12 Client::updateLastSeen(): Unknown buffer 304 Client::updateLastSeen(): Unknown buffer 305</pre>			
<b>Steps to reproduce:</b>			
<ol style="list-style-type: none"><li>1.) delete a buffer</li><li>2.) disconnect from core</li><li>3.) reconnect to core and wait a bit</li></ol>
