

## Quassel IRC - Bug #160

### /away doesnt work without reason

05/12/2008 11:25 PM - JoshOvki

<b>Status:</b>	Resolved	<b>Start date:</b>	
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>	Sputnick	<b>% Done:</b>	0%
<b>Category:</b>	Quassel Client	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>OS:</b>	Any
<b>Version:</b>	0.13.1		
<b>Description</b>			
When trying to set myself as /away it does not make the change, and the buffer shows the following detail:  305 You are no longer marked as being away  Even with me not being set away in the first place, also Set Global Away is greyed out from File.  I am not sure if you are aware of this or not.

/away without parameter sets you back. This is consistent with the IRC RFC as well as the behaviour of several IRC clients. See Bug [#141](#) for reference.

Using /away \$message sets you away as expected. Also, we will be implementing something in the GUI to make it easier.
