

## Quassel IRC - Bug #401

### core setup only available if you disconnect from core

11/10/2008 07:20 PM - pennywise

<b>Status:</b>	Rejected	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Quassel Client	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>OS:</b>	Any
<b>Version:</b>	0.3.1+		
<b>Description</b>			
It would be nice, if one can organize his cores without disconnect from the current core. Maybe another entry within the preferences would be the best idea.			

### History

#### #1 - 11/10/2008 07:41 PM - pennywise

the dialog in [[http://bugs.quassel-irc.org/file\\_download.php?file\\_id=92&type=bug](http://bugs.quassel-irc.org/file_download.php?file_id=92&type=bug)] is only available when not connected to a core. I would like to have this dialog within the preferences-dialog.

#### #2 - 12/28/2008 01:51 AM - Sputnik

- Priority changed from High to Normal

#### #3 - 01/20/2009 09:49 PM - EgS

- Status changed from New to Rejected

- Version set to 0.3.1+

There is no real need for it. On the downside we would have to take care in more and more places if the client is a mono client or not. As Quassel has this great feature of separating core and client you won't miss a line anyways. ;)
