- Status changed from New to Resolved
- Assignee set to EgS
- Target version set to 0.4.1
- % Done changed from 0 to 100

Fixed in current git:

<http://git.quassel-irc.org/?p=quassel.git;a=commit;h=b0cbbaffc64390db19614c65bf6af416dd55e41a>

Note:

If a different app holds a lock on the backlog file (i.e. sqlite3 cli tool) this crash can still happen. But that's nothing we can fix.
