

## Quassel IRC - Bug #654

### Using multiple Quassel clients simultaneously

04/02/2009 11:10 AM - tktn

<b>Status:</b> New	<b>Start date:</b> 04/02/2009
<b>Priority:</b> Low	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	<b>OS:</b> Any
<b>Version:</b> 0.4.0	
<b>Description</b> <p>I use two Quassel clients at the same time, and I have noticed some problems doing so.</p> <p>Having focus on a buffer causes it be constantly marked as read, on both clients, this is fine, except, even if a client is minimized or hidden, it still marks it as being read.</p> <p>This means that a client that is hidden will prevent it's currently selected buffer from having it's unread status being updated on the other client.</p> <p>Another problem is with the notifications, if someone says my nick a notification will appear, responding to this on either client should hide the notifications on both, however it does not.</p> <p>Just some small usability issues that I would like to see fixed.</p>
